Insight to Art
Detroit Institute of Arts (DIA)’s VIRTUAL “Behind the Seen” Talk: Ordinary People by Extraordinary Artists: Degas, Renoir and Friends.
From the Executive Director, Renee Cortright

I wandered lonely as a cloud that floats on high o’er vales and hills, when all at once I saw a crowd. A host of golden daffodils; beside the lake, beneath the trees, fluttering and dancing in the breeze.” ~ William Wordsworth

Nothing says spring like a fresh bouquet of sunny daffodils. This March birth flower is known as the flower of spring and represents hope and a sign of new life. Due to its bright yellow hue, the daffodil also symbolizes sunshine to send off the snowy and cold weather, as well as joy and optimism to welcome a warm and cheerful spring with a renewed energy. Welcome Spring into the greater Rochester community with the Dinosaur Hill Nature Preserve’s annual Daffodil sale! Buy a bunch for yourself, a friend, a local hero or a Meals on Wheels recipient. Go to Dinosaurhill.org for more information.

Many of our members will feel spring’s renewed energy with the continued expansion of in-person activities including pickleball, badminton and table tennis along with art & craft opportunities in March. We know many of our members are looking forward to the camaraderie that comes from participating in these sports. See page 15 for the participation guidelines.

Our warm and inviting Dennis White Adult Day Service will reopen on March 1. This program provides a full curriculum of activities for adults living with dementia or disabilities who may function somewhat independently, but are socially isolated and need structure, activities, mental stimulation and/or supervision. Our program offers a safe, caring environment for the participants and respite for their caregivers during the day, enabling individuals to continue to live at home.

Special thanks to the Ascension Providence Rochester Foundation for a grant that adds the state-of-the-art activity program It’s Never 2 Late (iN2L) to our Adult Day Service offerings. The iN2L person-based technology includes one 70” HD Touch TV on a mobile cart with a loaded microcomputer for group or one-on-one activities that include music, exercise, games, puzzles; the list goes on and on. We anticipate that the inclusion of this program, while specifically designed for seniors in our ADS, will significantly increase engagement and the overall satisfaction of all of our members, clients, their families and our staff. If you have a spouse or family member that could benefit from the adult day service please call 248-608-0261. The adult day service reopening guidelines can be found under the Services tab / Adult Day Service on the website.

Finally, we’ve added an entrance into the atrium from the lobby to increase the use of this wonderful space. Programming uses may include art, meditation, small gatherings or just a place for members to read a book or relax. We look forward to welcoming members back but to ensure safety, everyone must always wear a properly positioned mask and practice social distancing. If we are going to get through the next several months, members, guests and staff have to continue working together so we can enjoy our spring and each other’s company once again.

Happy Spring! Renee
The recipient was tremendously grateful for this assistance:

“It is in giving that we receive.” Being a recipient of An Act of Kindness as the winter season is settling in is a humbling experience. Words simply cannot express my gratitude. Thank you sincerely!” ~ Lorrie

Valued wellness partner, Ascension Providence Rochester Foundation, generously provided a grant that allowed for the purchase of the It’s Never 2 Late (IN2L) state of the art activity program for the Adult Day Service. IN2L will debut with the reopening of the ADS, and will provide person-centered, supportive, entertaining and engaging activities for clients, improving their quality of life.

ORDINARY PEOPLE BY EXTRAORDINARY ARTISTS:
Degas, Renoir and Friends

Thursday, March 25
10:30 am

Some of the most important French artists of the 19th century resisted the elitist aesthetic of the academic art tradition by emphasizing the people around them and the human experience as subject matter during a transitioning moment in the modernist era. These are all works on paper by Degas, Renoir, Manet, Toulouse-Lautrec, Vuillard, Bonnard, and Cezanne.

FIRST IN FLIGHT: THE WRIGHT BROTHERS AND THE FIRST AIRPLANE
Orville and Wilbur Wright, two bicycle mechanics, built the first airplane in the back of their Dayton, Ohio bicycle shop. The airplane flew only four times on December 17, 1903 and it never flew again but what happened to the plane over the next 45 years is actually the most intriguing part of the story.
